5. FOUNDATION PHASE

Dear Foundation Phase parents

Greetings,

Just a few short months ago we welcomed all our learners to a new school year.

The first term was very busy and a lot of hard work was evident. Most learners have done well, and are doing what is required of them, however in many children there is also a lack of work ethic and pride in their work. Many children are either rushing through their work with little thought or pride while others are constantly talking and not making good use of their right to learn.

Try to restrict television and technology to a minimum. Allow your children to use their time and hands to colour-in, write, build puzzles and make or build things.

Playing outside with others, learning how to interact, socialise and solve problems is far more beneficial than time spent on a computer or tablet.

Enjoy time spent with your child and always be the best example you can be.

Mrs M Serrão

HOD Foundation Phase

6. INTERSEN PHASE

Dear Parents,

We always knew that the 1st term was going to be a really congested one. For the term to have reached a successful conclusion, it called for all teachers and

pupils to be highly organized and work with a sense of expediency. Thus was easily achieved, given the dedication displayed by our staff. Our learners also were able to make commendable progress considering the time constraint.

I will like to pay particular attention to those learners that have not achieved. Parents are reminded that the school offers a Remedial Teaching Programme to assist those that are struggling to cope with the curriculum. Please insist that your child attends. Thus far, letters were sent out to the parents concerned but learners are still not attending classes. Parents are also advised to use the holiday to engage in activities that will help their children achieve even better in the new term.

As is customary, I would like to leave you with these wise words.

" You are under no obligation to be the same person you were last year, a month, or even 15 minutes ago. You have the right to grow. No apologies. "

Yours sincerely,
Mr. A. Beekhan
HOD Intersen Phase.
